## Description :

Prsentation de l'diteurAre you struggling to find innovative ideas to get started as an entrepreneur? Are you tired of being discouraged by your mind whispering that it's not going to happen? Are you lacking inspiration? Each one of us wants to live his life on his own terms.Maybe you want to be an entrepreneur, a

coach or a writer. Maybe you just dream of making passive income. Others are doing it, right now. You can do it, too. Find inspiration from 10 travel entrepreneurs who've started businesses online. I've interviewed an expert from the blogosphere, a web marketer, an eBook self-publisher, an affiliate sales expert, a drop-shipping entrepreneur, an overseas trade entrepreneur, an online course creator, a movie/documentary maker, a marketing software engineer and a bio hacking coach. All of these fields are innovative and distinctive. This book is more than a compilation of interviews. For each field, I share basic tips for building a business and making money, based on my discussions with these experts and my knowledge of the given field. Each part has a life lesson shared by the travel entrepreneur and a list of resources to help you overcome your fears and get you started in the given field. I know this book WILL get you inspired to start a business, or, at the very least, take a first step. This book will make you dream. It'll make you take action.
