## Description :

Prsentation de l'diteurDrusilla Thorne's husband Colin walks out on their marriage of convenience with style: he disappears right in the middle of their magic act. Before he vanishes, though, he steals a bracelet from her, a bracelet that could tip off the people who've been searching for Drusilla and her younger sister Stevie for years. Drusilla wont allow that to happen. When she finds Colin in Los Angeles, hes dead. Before dying, he got the both of them involved in a nasty game of Hollywood blackmail. The investigating detective finds out her identity is as fake as her marriage was and hes determined to find her guilty of something. Her lawyer might have more allegiance to the shadowy figure footing the bill than to her. And

her sister does something Drusilla can only hope they live to regret. Drusilla had better figure out who killed Colin before everything comes apart and the police figure out who she really is.
